

Our New Hair Vigor

Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, new improved formula, is better. It is the one great specific for falling hair. A new preparation in every way. New bottle. New contents. Ask your druggist to show it to you, "the new kind."

Does not change the color of the hair.

Formula with each bottle. Show it to your druggist. Ask him about it, then do as he says.

As we now make our new Hair Vigor it does not have the slightest effect upon the color of the hair. You may use it freely and for any length of time without fear of changing the color. Stops falling hair. Cures dandruff.

Weak Kidneys

Weak kidneys, surely point to weak kidneys. The kidneys, like the heart, and the stomach, are the organs of the body. If they are weak, the whole system is affected. Dr. Shoop's Restorative is a medicine specifically prepared to reach those controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. Tablets or Liquid—and see what it can and will do for you. Druggist recommended and sold.

The German friends of Henry Krumpholtz took possession of his home Sunday afternoon, it being Henry's 39th birthday. The gathering was a surprise to him, but he drifted in just in time to see them unload a handsome bookcase and writing desk, a gift from the self-invited guests. The afternoon was pleasantly spent in games and social chat interspersed with refreshments. All thoroughly enjoyed the occasion and went away wishing the best many more years of prosperity.

Hard or Soft Coal,

Coke or wood, whatever fuel you use, costs money. You have to pay so much for it, whether you get all the heat out of it or not. If a stove wastes the fuel and only a part of the heat is extracted, your fuel bills are higher than they should be. It is therefore profitable for you to get a stove that will get all the heat out of the fuel and not waste it.

The "Genuine" Round Oak and the "Radiant Home" are the stoves that will do it; even the smoke they send out of the chimney is clear, showing that the gases and soot have been burned and all the heat extracted. The comfort of a stove that is everything it ought to be; that gives heat; holds the fire; that lasts and is always good and efficient, is worth almost any cost.

The Round Oak and Radiant Home are such stoves and are a source of comfort in thousands of homes, and they will prove the same in yours. There are imitations, be sure and see the names of "Round Oak" and "Radiant Home."
